Beause of this relationship and Ms Garcia not been instructed to keep her distance, mr Pacheco has fallen viction to a lots of Selittling of characters, Harrosment, and thrust of privileges to be lost. the phintiff feels at these acks of whair tratment are a direct cruse of the above said relationship not to mention that the evidence will speak for itself in the pagestre il provided in this chim. By the years my pacheco has been in And out of the V.M.D.C. he had never received any type of right ups until now that he's former Possel with fiver, cyfd case worker, probation with cer, girlfriend, mother to one of his children, and finally the griessuce officer S5t Garcia formerly S5t Apodea He feels the treatment from ms. Garcia to unwarranted and unfair considering that in we insident he received 5 minor and 3 minor offences (see samples 7/5-7/13) which may result in a disiplanary lock down.

The lack of policy, The lack of training of the Detertion center officers, and the fact that the immade hand book and policies change at any given moment to meet the needs at the staff And will demonstrate a history of Forth American Eccleral Constitution Claims against the V.s. I Maldonado Detention center and, on more then one occasion became malice and discriminate Against All the immaters

The V.M.O.C has unharfully discriminated against Mr Pacheco on more then are occasion through sterotyping and profiling him And nothing but a low life "(said by sof upadoca to sheriff Russel and Dominger).

Chusing him to suffer stress, anxiety, depression, and humiliation.

13.

15. The phintiff also alleges herein that Sot.

Garcia / Apodrea AND other UMDC staff
have engaged in deceptine ands with
the intent to maliciously Disipline.

16. Officer Garcia, signed a millerding and
other wise cruel Major offence reports

(see sample 7/5-7-13) in order to obtain
Disiplinary action while all along the
V.M.D.C. should have advised Ms Garcia
to keep her disdance.

The UMDC. LAS failed to provide adequate training for its Defeation center officers in regards to handleing the weeds and out bursts of its immakes which results in the overworked and stressed out guards lashing sack at the immakes in a very abusine manor.

18. The Paintit feels the because of the setions taken on Mr Picheco by Sof. Garcia-/Apoda-CA that the V.M.D.C has violated NMSS 33-3-19 Prisovers anting [Awaiting] trial; confirment, n county juil by either transporting him to Another tracily to prevent such Abuse as hell Prevent any Acts of Relational by his former girlfried and nother to one of his children.

19. During Mr Pachecos time of incursuation at the U.M.D.C AND According to NMSS 33-3-8 Rules For Physishment. His civil rights have been violated a number of times and his become subjected to displinary actions because the rules and policy change at any given moment according to who is running which shift Therefore how can be be held Accounted for what he did not know. Yes there is a kiosh present with the imme had book but he was not notified at its changes until After to weeks at the umoc Admin Staff making such changes. The Phintiff feels that the unusual Act in some cases malice treplacent of the umor and its staff was wounded and is asking the courts with its help considering that the media mailable to the innates at UM.D.C is some-What I inited to a single I mu book that is rarely Available for use to the wasks with is wolsting our civil rights As well

Grievance Appeal Hearing

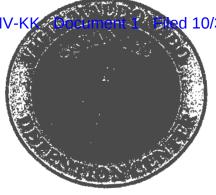

- September 10th, 2019 I Lieutenant Mike Thomason conducted a grievance appeal hearing with Henry Pacheco. I asked Henry why he sent ten appeals at one time. He stated, "because they don't give us our paperwork when we need it". I advised him that he was refunded on his account for the one bag of expired chips he ordered from commissary and that I did not have any knowledge of the others he grieved about. This was two of the appeals he sent.
- Henry grieved about a tooth that had been chipped do to a rock being served in his beans. I advised him that medical should be able to take care of this issue.
- Henry grieved that he had experienced food poisoning from the outdated chips. I asked him did you see medical? He stated "yes". The grievance appeal on all grievances was filed August 28th 2019, so medical obviously handled this medical issue.
- Henry grieved about Sergeant Romero giving information about him and his family to a female that she was socially drinking with. Henry stated, "Judith had no right telling Florence about his girlfriends' pregnancy that this is something they wanted to tell the family personally".
- I advised Henry that I will speak the Sergeant about this issue.
- Henry grieved about the law book and being denied access to this book and also that there are pages torn out of the book.
- I advised Henry that we will find a new book and replace the damaged book.
- Henry stated in one of his grievances that he was not seen by medical and mental health, I advised Henry that medical and mental health should visit inmates while they are in lockdown.
- Henry stated the hair clippers were shocking the inmates and not working properly. I advised henry that we will provide new clippers. I also stated to him that the detention center cannot advise the district attorney of anything involving his case. This was in this grievance he sent.
- Henry grieved a fire exit door. I advised him that we have a fire exit plan for all inmates and staff in this facility. I also advised hi he is not receiving \$250,000 as he stated on this grievance.
- Henry grieved about the staff not allowing him drinking water or flushing the toilets in his cell during the lockdown. I advised him they must give you water to drink and turn on the water to the toilet to flush, but they can also turn the water back off to prevent further flooding of the housing unit.

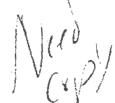

2	After addressing all these issues with Henry Pacheeo, I asked him if	he satisfied with the actions that wil
٤	be taken he stated "yes". Appeal Hearing Official Signature:	•

Re: HENRY GRANT PACKECO

Thank you for your interest in the Adullam Project. It is a lifteen-month faith-based tecovery program run by the Rock Christian Pellowship. We use a faith-based Christ Centered approach to recovery. It is a working ministry, so you will be kept busy working on Church facilities and ministries. You will learn through daily structured program lessons about addiction and how to overcome it and other issues in life. You will be held responsible to adhere to program rules. You will learn to implement positive, planned, and sustained changes to your behavior. Because it is a abstinence based program, you will not be allowed to consume any form of drugs, drug substitutes, or alcohol, including organettes.

While in the program we will help you deal with the issues that have brought you to where you are right now. You will learn to make yourself useful and productive. The last three months of the fifteen-month program you will be allowed to pursue educational and/or employment opportunities in the Espanola area. Our goal is to give you common sense tools that will help prepare you for success in life and the life beyond.

In this packet you will find forms and required information we need to prayerfully evaluate your candidacy for acceptance to our program. Please return the signed forms along with your J&S and a letter of recommendation from a Pastor, Chaplam, Bible Club President, or prison volunteer who is familiar with your life, your hopes, and your aspirations. Please include a letter from you staring why you are choosing a Spiritual Christian Biblical approach to your recovery. We look forward to working with you in preparing you for your life's journey. If we can be of further assistance to you or you have additional questions concerning Adullam Project, please feel free to contact me. We may require more information from you before acceptance. May the Lord Jesus Christ pour out His abundant grace and peace upon you.

Thank you for considering the Adullam Project. God bless you
